- **Packaging dimensions (W x H x D):** 316 x 205 x 145 mm
- **Product dimensions (W x H x D):** 255 x 170 x 31 mm
- **Product weight:** 0.97 kg

Product highlights

Play DVD/DivX® & MPEG4

With DivX® support, you are able to enjoy DivX® encoded videos in the comfort of your living room. The DivX® media format is an MPEG4-based video compression technology that enables you to save large files like movies, trailers and music videos on media like CD-R/RW, memory cards and DVD-video. DivX® CDs can be played back on selected DVD players, DVD Recorders and Home Theatre Systems.

Zero Bright Dot™ screen

Enjoy highest-quality images that are free from annoying blank spots on the LCD screen. LCD displays commonly have imperfections, termed 'bright dots' by the LCD industry. A limited number of bright dots was once considered an inevitable side effect of LCD mass production. With Philips' strict quality control procedures used for our Portable DVD Players, our LCD displays are produced with zero tolerance for bright dots. Select Portable DVD Players come with Philips Zero Bright Dot™ Policy to guarantee optimal screen quality.

Smart Car Mount

To enjoy entertainment on the go, why not take your portable DVD player from home on the road with you? A unique Car Mount system ensures safety and ease of use, with a quick-release arm that facilitates easy removal of the player when not in use. You can take the portable DVD player with you, leaving just the Mount behind in the car.

USB connection for photo/music

Simply plug in your portable device to the USB connector on your Philips portable DVD player and playback directly from USB or select your digital music or photos. Now you can share your favourite moments with family and friends.
